1. License Grant. SSI grants to Licensee a limited, non-exclusive, non-transferable right and license to download and use the Licensed Materials specified in Licensee's accepted purchase order or request, during the Term specified in Section 6, solely for Licensee's internal purposes.
2. Restrictions on Use. Licensee agrees to use its best efforts to protect the Licensed Materials from unauthorized use, reproduction, distribution or publication, and to use the Licensed Materials only in accordance with the terms of this Agreement and any applicable user documentation provided by SSI. Without limiting the generality of the foregoing, Licensee may not, and may not permit any third party, to (i) modify or create derivative works of the Licensed Materials; (ii) copy the Licensed Materials except as necessary for Licensee's installation and use of the Licensed Materials as specifically permitted under this Agreement; (iii) permit the simultaneous use of any licensed software by more than one user; (iv) use the Licensed Materials in conjunction with any hardware, software or system not approved by SSI; (v) except as specifically permitted by applicable law, reverse engineer, decompile, disassemble or otherwise attempt to derive the source code for any licensed software; (vi) distribute, encumber, sell, rent, lease or sublicense the Licensed Materials, or use the Licensed Materials in a timesharing or service bureau arrangement, or otherwise transfer any rights in or to the Licensed Materials; (vii) remove, alter, obscure, destroy or attempt to circumvent any notices, proprietary codes, security mechanisms, means of identification, digital rights management information, copyright or other proprietary rights marks or legends, including any reference to SSI's name or trademarks, contained in or on the Licensed Materials; (viii) permit or assist any other person to use the Licensed Materials in a way that would constitute a breach of

this Agreement; or (ix) take any actions that would cause any licensed software to become subject to any open source or quasi open-source license terms.

3. Ownership and Intellectual Property Rights.

- (a) The Licensed Materials are licensed and not sold. SSI retains title to and exclusive ownership of any and all copies of the Licensed Materials. Licensee acknowledges and agrees that the Licensed Materials constitute valuable intellectual property of SSI and its third party suppliers, and are protected by Canadian, United States, European and other international laws, including without limitation copyright and trademark laws and international treaty provisions. All proprietary rights in all intellectual and industrial property contained in the Licensed Materials, including any corrections, improvements, upgrades, updates, bug fixes and modifications to, and derivative works of, such intellectual and industrial property, shall be and remain the exclusive property of SSI, and Licensee shall have no rights or interests therein except for the limited right to use as set forth in this Agreement. Licensee covenants not to permit the use of the Licensed Materials by unauthorized persons, and to use its best efforts to prevent the exportation of the Licensed Materials, or any portion thereof, into any country which does not have adequate copyright and other intellectual property laws to protect SSI's rights in the Licensed Materials. Licensee shall reproduce any proprietary rights notices on any full or partial copies of the Licensed Materials.
- (b) Licensee recognizes and acknowledges the great value of the goodwill associated with SSI's name and trademarks, and the identification of SSI's goods or services therewith. Licensee agrees that it obtains no rights, title or interest of any kind in or to any trademarks, tradenames, logos, service marks or other markings belonging to SSI.
- (c) As between the parties, Licensee will remain the owner of any Licensee data that it inputs into the Licensed Materials or which it generates through the use of the Licensed Materials. Licensee shall be solely responsible for the accuracy, quality, security, integrity and legality of its data, and the means by which it acquires its data (including, but not limited to, compliance with all applicable privacy, security and export legislation).
- (d) SSI is granted an unlimited, perpetual, irrevocable, royalty-free, worldwide right and license to use and sublicense any ideas, suggestions, recommendations, comments, enhancements, improvements and other feedback ("**Submissions**") provided by Licensee, including its personnel, with respect to the Licensed Materials or any other propriety information provided by SSI to Licensee. All Submissions shall be given voluntarily and without expectation of, or requirement for, compensation. Specifically, Licensee covenants that it will not provide any Submissions that are subject to license or other restrictions, or that may require any SSI product, technology, service or documentation to be licensed or otherwise shared with any third party.

4. Licensee Responsibility. The Licensed Materials are intended for use in the modeling and construction of ships and offshore structures, and must only be used by persons having the requisite expertise and knowledge in that field. Licensee acknowledges that it has had the opportunity to evaluate the Licensed Materials for a designated trial period at no charge. Licensee agrees that it is solely responsible and liable for: (i) the selection of the Licensed Materials to achieve Licensee's intended results, and for all data, designs and other output generated through its use; (ii) obtaining, provisioning, configuring, maintaining, and paying for all equipment, software and services necessary for the installation and use of the Licensed Materials, including compliance with any system configuration requirements specified in the SSI user documentation ("**System Configuration**"); (iii) all data used in association with the Licensed Materials, including the implementation of adequate backup procedures to avoid any loss of files and data; (iv) providing a safe and suitable location for the installation and use of the Licensed Materials; and (v) scanning for and preventing the receipt and transmission of viruses and other destructive or disruptive components. Licensee acknowledges and agrees that the Licensed Materials require independent

confirmation of the reliability and accuracy of all designs, drawings and other Licensed Materials output. At Licensee's request, an SSI representative may be made available under a separate consulting agreement to provide training and consultation on the operation and/or integration of the Licensed Materials. Licensee shall be solely responsible for, and shall hold SSI, its officers, directors and employees harmless from and against all loss, damage and liability arising in connection with any use or misuse of the Licensed Materials, and from any claims arising from or in relation to any designs or other output generated through Licensee's use of the Licensed Materials, including a claim that any such materials infringe or misappropriate the intellectual property rights of any third party.

5. Security. Licensee acknowledges that the Licensed Materials may include security elements which support the detection of unauthorized use or copying of the licensed software and which may report such unauthorized use or copying to SSI and, if applicable based on Licensee's configuration, may report back specific user information such as the user's name and email address.
6. Term of License. The license granted hereunder shall become effective upon Licensee agreeing to be bound by the terms of this Agreement ("**Effective Date**"). Thereafter, unless earlier terminated in accordance with Section 14, the license shall continue in effect: (i) until the expiry of the specified license term (in the case of monthly software rentals or leases, and trial or academic licenses), or (ii) if no term is specified, indefinitely, provided that Licensee is not in breach of this Agreement. If Licensee chooses to change from a software lease to an indefinite term license, 60% of the Licensee's prior monthly lease payments received by SSI may, at Licensee's option, be applied towards the purchase of the indefinite term license.
7. Fees and Payment. Licensee shall pay to SSI all applicable license and other fees for the Licensed Materials as set out in SSI's invoices. Fees are exclusive of all taxes, duties and levies of any kind, including any sales, use, excise, value-added and other applicable taxes, withholdings, and governmental charges (collectively, "**Taxes**"). Licensee shall be solely responsible for the payment of all applicable Taxes, other than taxes on SSI's income. If SSI pays any such amounts on behalf of Licensee, Licensee shall reimburse SSI upon presentation of proof of payment. If Licensee is required by law to withhold any amounts for Taxes or otherwise, Licensee agrees to pay SSI an amount equal to the gross amount that would have been received by SSI had such Taxes and other amounts not been required to be deducted and withheld. Licensee shall pay interest on any invoiced amounts which are unpaid after 30 days at a rate of 2% per month (24% per annum, effective rate) or the maximum amount allowed by law, whichever is less, from the date such amounts become due and payable. Licensee also agrees to pay all costs incurred by SSI to collect any overdue amounts.
8. Limited Warranty.
 - (a) SSI warrants that during a period of 90 days from the Effective Date (the "**Warranty Period**"), the Licensed Materials will perform substantially in accordance with the specifications set out in the applicable user documentation, when used in accordance with this Agreement on a properly operating System Configuration. SSI's sole obligation under this warranty, and Licensee's exclusive remedy, shall be SSI's reasonable commercial efforts to correct any breach of the above warranty through fixes or workarounds. If SSI determines that it is unable to make the Licensed Materials perform substantially as warranted, Licensee may terminate this Agreement and receive a refund of a prorated portion of any prepaid license fee, rental or lease amounts.
 - (b) This limited warranty will be void, and SSI shall have no liability, to the extent that any failure of the Licensed Materials to conform to the specifications results from accident, abuse, alteration, misuse, unauthorized use or misapplication of the Licensed Materials (or any of them), or from Licensee's failure to use any updates, upgrades or fixes provided by SSI. SSI provides no warranties with respect to any third party software embedded in or provided as part of the Licensed Materials.

9. ENTIRE WARRANTY. THE LIMITED WARRANTY CONTAINED IN SECTION 8 IS IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS OF ANY KIND. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, SSI AND ITS THIRD PARTY SUPPLIERS DISCLAIM ALL OTHER REPRESENTATIONS, WARRANTIES AND CONDITIONS, EXPRESS OR IMPLIED, WHETHER ARISING UNDER STATUTE, FROM A COURSE OF DEALING, USAGE, CUSTOM OF THE TRADE OR OTHERWISE, REGARDING THE LICENSED MATERIALS AND ANY OTHER PRODUCTS OR SERVICES PROVIDED OR FAILED TO BE PROVIDED UNDER THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, DURABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, ACCESSIBILITY, OR THAT THE OPERATION OF ANY LICENSED SOFTWARE WILL BE ERROR FREE, CONTINUOUS OR UNINTERRUPTED.
10. Services. Fees for EnterprisePlatform software include standard maintenance, support and upgrade services. Licensees of ShipConstructor® software may purchase annual maintenance, support and upgrade services from SSI in accordance with and subject to the terms of SSI's standard Subscription Agreement. SSI may, but shall not be obliged to, provide support for any non-current versions of the Licensed Materials. All other services, including installation, consulting, training and implementation services, may be provided by separate agreement between Licensee and SSI at SSI's then-current time and materials rates therefor.
11. Modifications. SSI may, from time to time, provide Licensee with revisions to the Licensed Materials (the "**Revised Licensed Materials**"). Licensee shall test any external applications using the revised API before implementing a new version. While it is SSI's intention that any Revised Licensed Materials will be compatible with the immediately preceding version of the Licensed Materials, SSI does not guarantee or warrant backwards compatibility, and SSI shall not be liable to Licensee or to any other party for any failure of the Revised Licensed Materials to be compatible with any prior version or release of the Licensed Materials. SSI may, but shall not be obliged to make any modifications to the Licensed Materials requested by Licensee, and any such modifications agreed by SSI shall be subject to the agreement of the parties as to scope and cost. Ownership of all Revised Licensed Materials and any Licensed Materials modifications shall vest in SSI, and their use shall be subject to the terms and conditions of this Agreement.
12. Confidential Information. A party may use the other party's confidential information only for the purpose of exercising its rights and performing its obligations under this Agreement. A receiving party shall not disclose the other party's confidential information to any other person except to its employees, contractors and advisors having a "need-to-know", but only after they have been advised of its confidential and proprietary nature and have agreed to protect same on terms no less onerous than the terms of this Agreement. This Section 12 shall not apply to confidential information which: (i) is or has become readily available to the public in the same form other than by an act or omission of the receiving party; (ii) was lawfully obtained in the same form by the receiving party from a third party not under an obligation of confidence to the disclosing party; (iii) was in the receiving party's possession in the same and material form prior to its receipt from the disclosing party and did not otherwise originate from the disclosing party; or (iv) is required to be disclosed by operation of law.
13. Audit Rights. SSI shall have the right, upon not less than ten (10) days prior written notice, to inspect Licensee's facilities to verify Licensee's compliance with this Agreement. Any such inspection or audit shall be conducted either by SSI or by representatives authorized by SSI to complete the inspection. If such inspections or audits disclose that Licensee has installed, accessed or permitted access to the Licensed Materials in a manner that is not permitted under this Agreement, then Licensee shall be liable to pay for any unpaid license fees as well as the reasonable costs of the audit. All information disclosed and the results of the audit shall be "confidential information" for the purposes of Section 12.
14. Termination. Licensee may terminate this Agreement at any time upon written notice to SSI. Time limited licenses shall expire upon the expiry of the applicable license, lease or rental period, unless expressly extended by SSI. Either party may terminate this Agreement immediately upon written

notice if: (i) the other party makes an assignment for the benefit of its creditors or becomes bankrupt or makes an application for relief under the provisions of any statute now or hereafter in force concerning bankrupt or insolvent debtors, or (ii) if a receiving order or receivership order is made against the other party, or (iii) any action whatsoever, legislative or otherwise is taken to effect the winding up, dissolution, suspension of operations or liquidation of the other party. This Agreement may also be terminated by SSI upon thirty (30) days written notice to Licensee if Licensee commits a breach of any material provision of this Agreement, including a failure to make payment when due, and fails to correct or rectify such breach prior to the expiry of the notice period. Termination shall be in addition to, and not in lieu of, any other rights or remedies that SSI may have at law or in equity. Further, Licensee agrees that SSI may include time-lock devices and other disabling features in the Licensed Materials that will become effective in the event that Licensee fails to comply with any of its material obligations hereunder.

15. Effect of Expiry or Termination. Upon the expiry or termination of this Agreement for any reason, Licensee shall immediately cease using the Licensed Materials, and remove or destroy all full and partial copies in Licensee's and its personnel's possession or under their control, including on any computers and systems. All unpaid amounts due in respect of the Licensed Materials up to and including the effective date of the expiry or termination shall, at SSI's option, become immediately due and payable. The provisions of Sections 2, 3, 4, 7, 8, 9, 12, 13, 15, 16, 17, 18, 19, 20, 24 and 30 shall survive the expiry or termination of this Agreement for any reason. Any termination shall be without prejudice to the accrued rights and liabilities of either party arising prior to the effective date of expiry or termination.

16. Limitation of Liability; Exclusion of Damages.

(a) TO THE MAXIMUM EXTENT PERMITTED BY LAW, SSI'S AND ITS REPRESENTATIVES' TOTAL COLLECTIVE LIABILITY ARISING UNDER OR IN CONNECTION WITH THIS AGREEMENT, AND/OR ANY PRODUCTS OR SERVICES DELIVERED OR FAILED TO BE DELIVERED UNDER THIS AGREEMENT, SHALL BE LIMITED TO THE ACTUAL DIRECT DAMAGES SUFFERED BY LICENSEE, NOT TO EXCEED THE AMOUNT ACTUALLY PAID BY LICENSEE FOR THE PRODUCT OR SERVICE GIVING RISE TO THE CLAIM. IN NO EVENT WILL SSI BE LIABLE FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR AGGRAVATED DAMAGES OF ANY KIND WHATSOEVER INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF USE OF SYSTEMS OR EQUIPMENT, DATA, INCOME, BUSINESS, PROFIT, GOODWILL, ANTICIPATED REVENUE, FAILURE TO REALIZE EXPECTED SAVINGS, OR OTHERWISE. THE FOREGOING LIMITATIONS SHALL APPLY REGARDLESS OF THE CAUSE OF ACTION, WHETHER ARISING UNDER CONTRACT, TORT (INCLUDING NEGLIGENCE AND GROSS NEGLIGENCE), PRODUCT LIABILITY, INDEMNIFICATION, FUNDAMENTAL BREACH OR OTHERWISE, AND REGARDLESS OF WHETHER SSI OR ITS PERSONNEL KNEW, OR SHOULD HAVE KNOWN ABOUT THE POSSIBILITY OF SUCH DAMAGES.

(b) NO ACTION, REGARDLESS OF FORM, ARISING OUT OF THIS AGREEMENT MAY BE BROUGHT BY LICENSEE MORE THAN TWELVE (12) MONTHS AFTER THE FACTS GIVING RISE TO THE CAUSE OF ACTION HAVE OCCURRED, REGARDLESS OF WHETHER THOSE FACTS BY THAT TIME ARE KNOWN TO, OR OUGHT REASONABLY TO HAVE BEEN DISCOVERED BY, LICENSEE.

(c) LICENSEE AGREES THAT THE LIMITATIONS OF LIABILITY SET FORTH ABOVE ARE FUNDAMENTAL ELEMENTS OF THIS AGREEMENT, WITHOUT WHICH SSI WOULD NOT HAVE ENTERED INTO THIS AGREEMENT AND/OR AGREED TO PROVIDE THE LICENSED MATERIALS UNDER THE CURRENT TERMS (INCLUDING FEES).

(d) BECAUSE THE LAWS OF SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION AND/OR EXCLUSION OF LIABILITY, THE ABOVE LIMITATIONS AND EXCLUSIONS MAY NOT APPLY TO ALL LICENSEES. IN SUCH JURISDICTIONS, THE PARTIES AGREE THAT SSI'S LIABILITY SHALL LIMITED TO THE FULLEST EXTENT PERMITTED BY LAW.

17. US Government Users. If Licensee is, or is acquiring the Licensed Materials on behalf of, a US government unit or agency, or a US Government contractor (at any tier) the following provision applies: The government unit or agency acknowledges SSI's representation that the Licensed Materials were developed at private expense, and are "Commercial Computer Software" and "Commercial Computer Software Documentation" as defined in 48 FAR 12.212 or 48 CFR 227.7202, as applicable (or successor provisions). Consistent with 48 CFR 12.212 or 48 CFR 227.7202-1 through 227.7202-04, as applicable, the Commercial Computer Software and Commercial Computer Software Documentation are being licensed to US Government end users: (i) only as Commercial Items, and (ii) only with "restricted rights", and any use shall be solely in accordance with the terms of this Agreement. The government unit or agency acknowledges that all right, title, and interest including all proprietary and intellectual property rights in and to the Licensed Materials, and updated versions (including but not limited to any images, photographs, animations, video, audio, music, text, and plug-in components incorporated into the Licensed Materials) any accompanying printed materials and any copies of the Licensed Materials, reside in or are owned by SSI. Unpublished rights are reserved under US and foreign copyright laws. The owner of the Licensed Materials is ShipConstructor Software Inc. dba SSI, having its head offices at #400-401 Garbally Road, Victoria, British Columbia, Canada V8T 5M3.
18. Applicable Law. This Agreement shall be subject to and construed in accordance with the laws of the Province of British Columbia and the laws of Canada applicable therein, but excluding conflicts of laws rules. The application of the UN Convention on Contracts for the International Sale of Goods is hereby expressly excluded.
19. Dispute. Except as provided in Section 20, if any dispute arises under this Agreement, a good faith attempt to resolve the dispute will be made by senior management of both parties. If the parties are unable to reach an agreement within 30 days after a request for such meeting, the dispute shall be referred to arbitration in English, before one arbitrator in Victoria, British Columbia, Canada, in accordance with the Commercial Arbitration Act of the British Columbia.
20. Equitable Relief. Licensee acknowledges and agrees that any breach by it of any of the terms of this Agreement is likely to result in serious and/or irreparable harm or damage to SSI for which monetary damages will not be an adequate remedy. Accordingly, in the event of a breach or threatened breach by Licensee, in addition to any and all remedies available at law, and notwithstanding any other provision of this Agreement, SSI shall have the right to obtain an injunction, specific performance or other equitable relief in any court having competent jurisdiction.
21. References. SSI shall be allowed to incorporate Licensee's name in SSI's customer reference list and to use it for marketing.
22. Amendment. Any amendment of this Agreement must be in writing and signed by duly authorized representatives of both parties.
23. Waiver. Any consent by a party to, or waiver of, a breach by the other party, whether express or implied, shall not constitute a consent to or waiver of any other, different or subsequent breach.
24. Export Control. The Licensed Materials and other technology made available by SSI, including any modifications or derivatives thereof, may be subject to the export control laws of Canada, the United States and other jurisdictions. Licensee warrants that it and its affiliates are not named on any Canadian or United States government restricted party list, and agrees that it will not import, export, use, access or permit the import, export, use or access of the Licensed Materials, or any of them, in violation of any applicable Canadian, United States or other applicable laws and regulations.
25. Assignments. Licensee may not assign or transfer this Agreement or any of Licensee's rights or obligations under this Agreement without SSI's prior written consent, and any such assignment or transfer without consent shall be null and void. A transfer of all or substantially all of the voting stock of Licensee shall constitute a transfer for these purposes and shall be subject to SSI's prior

written consent. This Agreement will bind and ensure to the benefit of the parties and their respective successors and permitted assigns.

26. Independent Contractors. The parties are independent contractors. Nothing in this Agreement shall be construed to create any employment, agency, partnership, joint venture or other relationship between the parties.
27. Severability. If any provision contained in this Agreement is found by a court of competent jurisdiction to be invalid, illegal or unenforceable in any respect, it shall be deemed severed from this Agreement and the remaining provisions of this Agreement shall not be in any way affected or impaired thereby and shall continue in full force and effect.
28. Third Party Content – Acknowledgement and Terms. The Licensed Materials may use or include third party components, content and/or other copyrighted or publicly licensed material. Acknowledgments, licensing terms and additional disclaimers for such components, content, and/or materials are contained in the respective components documentation, and Licensee's use of such third party components, content or material is governed by their respective terms and conditions.
29. Force Majeure. Except as related to Licensee's obligation to make payments to SSI, neither party shall be liable for delays or non-performance if such delays or non-performance are beyond such party's reasonable control. A delayed party shall promptly notify the other party in writing stating the cause of the delay and its expected duration and shall use commercially reasonable efforts to remedy a delay or non-performance as soon as reasonably possible.
30. Non-Solicitation. For a period of one (1) year from the Effective Date, Licensee will not, directly or indirectly, employ or solicit for employment any employee or contractor of SSI without SSI's prior written consent. If Licensee violates this provision, it agrees to pay compensation to SSI in an amount equal to the employee or contractor's gross wages over a twelve (12) month period. Licensee agrees that such compensation is a fair estimate of the economic loss that would be suffered by SSI as a result of a breach of this provision, and that this provision is reasonable given: (i) the highly specialized skills of SSI's employees and contractors, and the considerable cost that SSI has incurred in recruiting and training them; and/or (ii) the unique nature of SSI's technology and the highly competitive market in which it operates.
31. Notices. All communications and notices provided for herein shall be in writing and shall be delivered to the recipient by email, or by registered or certified mail with return receipt requested, postage prepaid, and addressed: (i) to SSI at the address set out at the head of this Agreement, and (ii) to Licensee at the address appearing on the order form(s) for the Licensed Materials, or at such other address as either party may designate by notice to the other. Notices shall be deemed to have been delivered when physically received; provided, however, that notices received after 6:00 pm local time, or on a Saturday, Sunday or public holiday in the place of receipt, shall be deemed to have been received at 9:00 am on the next business day.
32. Entire Agreement. This Agreement contains the entire agreement between the parties and shall supersede all prior discussions and agreements between the parties regarding its subject matter. Any additional or conflicting terms and conditions contained in a Licensee purchase order shall be deemed to be expressly superseded and of no force or effect.
33. Language. It is the express will of the parties that this Agreement and related documents be prepared in English. C'est la volonté expresse des parties que la présente Convention ainsi que les documents qui s'y rattachent soient rédigés en anglais.
